

Canadian Valley Technology Center

CV Tech takes an active part in helping our students realize opportunities available to them through many different activities:

- During the 8th grade enrollment process for high school, CV Tech is present to answer questions about their school and to help guide students to programs that might fit their individual needs
- Participate in 8th grade parent night
- Recruitment in 10th grade
- Tours
- Interviews

CV Tech provides career training for high school students and adults. Full-time training is offered in more than two dozen fields, including Auto Service, Computer Programming, Nursing, Pre-Engineering, Welding and much more. Tuition is free to high school students and adults under 24 who live within district boundaries. Students can earn up to 33 hours of college credit at just \$8 per hour in several programs. Main campuses are located south of Yukon on Czech Hall Road and El Reno on Historic Route 66.
